

# 7834677-0004 | CAP L 4A/18/21/26 C-PE

Carrier Access Point with 4-Band Support for Low Power TETRA 380, DCS 1800, IMT 2100 and IMT 2600 MIMO Applications, Copper Fed, Power over CAT Powered, without Fan Kit

## Product Classification

|                |              |
|----------------|--------------|
| Product Type   | Access point |
| Product Brand  | ERA®         |
| Product Series | CAP L        |

## General Specifications

|               |                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------|
| Fan Kit       | Not included                                                                                    |
| Fed Type      | Copper fed                                                                                      |
| Note          | Detailed Product Specifications are available. Please contact your local ANDREW representative. |
| Power Class   | Low                                                                                             |
| Powering Type | PoE powered                                                                                     |

## Electrical Specifications

|               |                                        |
|---------------|----------------------------------------|
| License Band  | DCS 1800   IMT 2100   IMT 2600   TETRA |
| Voltage Range | -60 to -36 Vdc                         |
